

COUNTRY CHARM

One of life's great pleasures is spending time in the wide, open spaces of Minnesota in the fall. Whether it's the changing light of the season, the vivid colors of the leaves or the mix of textures as summer ends, it is a special time of year.

Country Charm captures the season with falling leaves, thistle and clover, and a panel print depicting the scenes of the fall countryside. We hope you'll be as charmed as we are.

DESIGNER TRIVIA

EILEEN TAYLOR & LYNN BLOOMQUIST

First collection – Pine Cone Lodge in 1998

First time you saw your name on the selvage – It was more than exciting - it was a dream come true!

Favorite Quilt Market memory – At the Minneapolis Quilt Market in about 2003 we had a complete room display with one of our quilts on a log bed. I was able to help that year with the booth to secure some of the furniture used.

Favorite pre-cut – the Charm Pack!

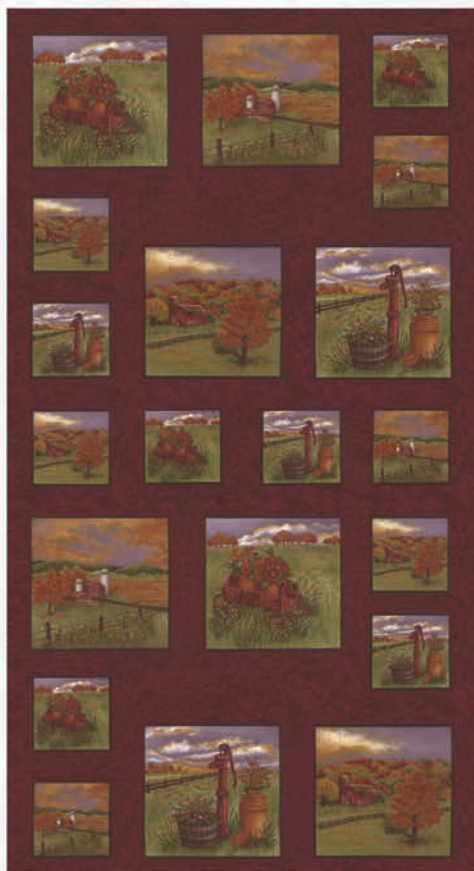

Years sewing and quilting – I started sewing at a young age, I think I was nine. That sounds younger than it probably was.

Who taught you to sew – My mom - she worked for a home decorating company and made draperies.
