

Deck the halls

STACY IEST HSU

Cut the tree, pull out the ornaments and warm up the cocoa - it's time to Deck the Halls!

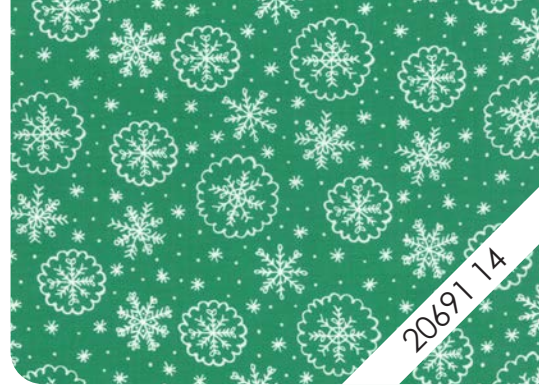

Twenty-five festive ornaments and a big beautiful tree makes for a perfect cut and sew panel. Use it as a decoration, an advent calendar or even make it into a quilt! The fun will be decorating the tree while counting down the days to Christmas. The classic-with-a-modern-twist colors will fit into any home.

There are five coordinating snowflake prints that can be used to embellish or enlarge the panel for a quilt, or to use for stockings and pillows. What better way to Deck the Halls and get into the holiday spirit than with this festive Christmas tree?
