

# HUSTLE & BUSTLE

*All she wanted for Christmas was a nap.*

 **BASICGREY®**

**S**hops are aglow with twinkling lights, and the smells of cinnamon, pine and winter-mint fills the air. Excited children await their turn on Santa's lap while shoppers check names of their gift lists as they make their way through stores. And carolers sing delightful songs as the Hustle & Bustle of the season continues.

Our new holiday collection bundles up that magical atmosphere and infuses each print. A merry, whimsical floral starts the festivities, while adorable trees and delightful berries add joy. Twinkling polka dots, a lacy grid, and our classic Grunge wrap up this nostalgic collection – like adding a bow to a beautifully wrapped package. Perfect for quilts, pillows and decorations, Hustle & Bustle checks all the boxes on your holiday list.

Wishing you and yours a lovely, safe holiday season!
