“A journey of a thousand quilts begins with a single stitch.”

For me, every creative project takes its own meandering course from a vague beginning to an end I'd never imagined. It's exciting, mysterious, kinetic and colorful. Voyage celebrates creative passages inspired by imaginary wanderings along spice routes and down silk roads through tiled entryways to wild natural gardens. A saturated palette of mandarin, Delft blue and deep turquoise evoke the treasures and discoveries from exotic and bustling artisan markets. Each print is a souvenir of this global adventure, gathered and brought home for you to sew with...I hope it takes you to wherever your imagination might guide you.
